Description:

Reach homeowners who have just listed their current homes for sale and will shortly be moving to their new home. The asking price for the home being sold is available, and this is an excellent predictor of the new home being purchased.

These pre-movers have an immediate need for goods and services to outfit their new lives in their new homes and for expediting the sale of their current residence.

On the Move is compiled from multiple homes for sales listings, including newspaper/online, for sale by owner, and other public records.
